The onslaught of American culture and ideas continues to pull Jews – including ourselves and our children – away from our heritage. Our three speakers will share their organizations' work to reconnect us to Torah, our heritage, and our values

Rabbi Albin is the director of The Ember Foundation and Rabbi of the TORAHUB for adult education. He will share the adult education and outreach initiatives of The Ember Foundation (TheEmberFoundation.org) for one-on-one, group, and family learning in matters of Jewish life.

Rabbi Kahn is the Founder and Director of the Jewish Education Team (www.JetCampus.com), whose flagship programs are thriving at the University of Illinois Champaign/Urbana as well as most other Illinois universities. JET's mission is to inspire and empower Jewish college students to develop a stronger connection to our Jewish heritage, the Jewish People and the Land of Israel.

Rabbi Garfinkel founded Project613 (www.Project613.com), a Chicagoland organization that connects Chicago's Jewish Young Professionals to build strong relationships through social, educational, and travel programs.

As Shavuos approaches, these three programs will provide us with opportunities to expand our and our children's connection to our Torah.
